Winter 2006

Nebraska's First Lady of Rodeo
"If You Can Dream It, You Can Do It!"

Ashley Rice, Miss Rodeo Nebraska 2006

Dear Friends & Family,

I have always been a small-town girl with big dreams, and over a year ago one of my dreams became a reality. As Miss Rodeo Nebraska, I have traveled across the country, from Kissimmee, Florida to Pocatello, Idaho. I even traveled north across the border to Calgary. I also made stops in Guymon, OK and Rapid City, SD. And having the opportunity to represent Nebraska at the Miss Rodeo America Pageant in Las Vegas was a great honor. Everywhere I was greeted with warm smiles and open arms and at each appearance I encountered young people with big dreams. They constantly reminded me how much being Miss Rodeo Nebraska 2006 means to me. Watching them chase their dreams with fearlessness reminded me that as my year comes to an end I need to continue to chase my dreams.

When I was young I had dreams. I imagined things; I would think about what I wanted to be, what I wanted to do, and what I would become some day. Having the honor of being Miss Rodeo Nebraska taught me the importance of being a positive role model and leader. I learned that a true leader has the confidence to stand alone, the courage to make tough decisions, and the compassion to listen to others. The job of Miss Rodeo Nebraska is not as glamorous as many may think. It is work. As the saying goes: "There are always two choices, two paths to take. One is easy. And its only reward is that it's easy." I chose to work hard and be dedicated to the job because I knew it would only make me stronger mentally, physically, and spiritually. It was my goal to be a leader that motivated and worked hard 100% of the time so that others would follow in my footsteps. My dreams have come true as I realize the leader I have become. It has been my goal this year to inspire individuals of all ages to Dream Big and I will continue to strive to do so.

I would like to share one of my favorite pieces of advice with all of you. Remember and believe that persistence will pay off. The good Lord up above tells us to 'Run with Perseverance'. A great true story of perseverance is that of Walt Disney. He was turned down 302 times before he got financing for his dream of creating the "Happiest Place on Earth". Today, due to his persistence, millions of people have shared 'the joy of Disney'. It may require a little extra hard work or dedication but your work will pay off in the end.

These past twelve months have been a true blessing from God. I thank him each and every day for giving me the opportunity to become a leader, motivator, and for the chance to make a difference in people's lives. The ability to dream is a quality of human race that other species do not possess. So dream on: make it a giant dream, a tiny one, an old everlasting one, a newfound one, a hobby related one, a life changing one, a religious one, a stupid one, a stroke-of-genius one, just continue to *DREAM BIG!*

God Bless,
Ashley Rice
